

Curriculum Vitae, Ulla Ricklander

About me

I was born in Sweden but now I live in Denmark, where I graduated with a Bachelor's degree in Musicology and German and a Master's degree in Musicology from the University of Copenhagen. I studied Italian and translation at Lund University and at present I am halfway through a bachelor's degree in translation from English and Italian into Swedish at the Stockholm University.

I have worked for many years as a classical singer of opera and other classical repertoire, among others at the Malmö Opera and the Norwegian National Opera. As a classical singer you are in many ways a linguist, as you sing in many different languages and analyze the texts you sing. In connection with my work, I have also translated several operas in which I have sung, from Italian and German into Swedish and Danish. These include Puccini's opera *Suor Angelica*.

Currently I am active as a concert and oratorio singer and from 2005 I teach singing and choral conducting at the Music School in Slagelse, Denmark.

I also have experience from the public sector, among other things, healthcare.

Education

Bachelor's degree in Musicology and German language and Master's degree in Musicology from University of Copenhagen 2011.
